

Camera Upgrade Program

Exclusive Offer For MOBOTIX Partners

Security-Vision-Systems **MOBOTIX**

Tradein_03/2015_US

Exchange Your Existing MOBOTIX Cameras For The Latest Model!

Take advantage of the superior light sensitivity and image quality of the new generation of MOBOTIX cameras and benefit from using this special Camera Upgrade offer.

Although cameras like the Q22 or M10 were outstanding at their time, the customer will greatly benefit from an upgrade to the latest MOBOTIX technology: The **5MP single lens** cameras with the new **HD premium lenses** (f/1.8 aperture) as well as the brand-new **6MP dual lens** cameras with a new sensor and image processing technology are up to 100 times more light sensitive and supply clear images in challenging low light situations (for more information please visit our website www.mobotix.com). Moreover, with the Camera Upgrade you will ensure the full functionality of our new video management software **MxMultiViewer**.

How does it work?

Place the order with your local MOBOTIX distributor of choice using the attached Camera Upgrade Order Form and you will receive a unique discount of **40%** on the list price (for detailed pricing contact your distributor).

To receive the special discount, you need to name the project and list the old camera models to be upgraded, (e.g. M12D-Sec-DNight-DxxNxx) including the IP-address in advance. Please send the Camera Upgrade Order with the completed camera return form (see attached).

The Camera Upgrade offer is available to all registered MOBOTIX partners only and valid for orders received and processed until **March 27th**.

Of course, your new camera will be covered by our 2-year warranty.

Please note: Thermal cameras and the new hemispheric indoor camera i25 are excluded.
